RULES AND REGULATIONS

- 1. Eligibility** – Competition is open to all rose growers. They are eligible to receive awards in all sections unless otherwise specified. In the horticulture section, all blooms must have been grown in the exhibitor’s own outdoor private garden, with no more than one exhibitor from that garden. Family members may enter as a team (e.g. Mr. and Mrs.), but not individually also. See pages 6-7 for Arrangement Section eligibility rules and notes.
- 2. Entry Tags** – ARS entry tags will be supplied by the Rose Society. The top section of the entry tag **must** be completed showing class, variety, and exhibitor’s name. ***Challenge Classes 26, 28, 33, REQUIRE Challenge Class Tags.*** Challenge class tags should not be used for the remaining challenge classes. For those classes with multiple specimens of different varieties in separate containers, each specimen **must have** its own entry tag. Incomplete tags are grounds for disqualification.

3. **Entry Closing Time** – All entries must be in place no later than the 10:00 A.M. entry closing time. Exhibitors must vacate the judging area promptly at entry closing.
4. **Classification** – ARS rules and reference sources shall govern. The Show Chairman shall be the sole arbitrator of any dispute.
5. **Placement** – All challenge class entries will be placed by the exhibitor. The Show Chairman may determine that adequate space is available to allow more flexibility in placement.
6. **Names** – Roses must be exhibited with an ARS exhibition name (AEN) to be eligible for entry in an ARS authorized rose show or they will be disqualified. Names may be verified in the following official recognized sources:
 - a. On-line Modern Roses Database
 - b. Modern Roses 12
 - c. Handbook for Selecting Roses
 - d. Official List of Approved Exhibition Names for Exhibitors & Judges
 - e. ARS Website Recent Rose Registration
 - f. Combined Rose List (CRL)

The most recent ARS publication will take precedence. In cases where a variety is not listed in any of the above ARS official publications, the CRL may be used as a reference. The primary name shown in the CRL will be considered a “temporary AEN” until the variety is included in one of the ARS publications. In the event there is a conflict regarding pertinent information between the CRL and ARS publication, the ARS publication will prevail.

7. **Judging** – During the judging only judges, clerks, and necessary show committee personnel will be permitted in the show area. **The Guidelines and Rules for Judging Roses** will be used for exhibiting and judging.
8. **Awards** – Judges will be authorized to award 1st, 2nd, & 3rd place. However, in classes where quality is lacking, fewer or no awards may be granted at the discretion of the judges.
9. **Limitations** – Exhibitors may enter any number of blooms, but are limited to 2 entries of a variety in classes 1 – 18. Climbing roses other than those eligible for class 13 must be entered in the same classes as the bush varieties of their type. Exhibitors may enter only one entry in classes 21-35.
10. **Trophies** – Trophies and special awards will be awarded to blue ribbon winners only. Traveling trophies will be provided to The Rose Society of Greater St. Louis members only. Other individuals who win a traveling award will receive a certificate but the trophy will be retained by the Awards Chairman.
11. **Grooming** – Exhibitors may remove any unwanted growth from any specimen without disqualification, but are subject to penalty for impairment. This rule applies to all types of roses. Use of any foreign material deemed to improve the appearance of the specimen will be cause for disqualification.
12. **Wedging** - The use of wedging material to position a specimen in the container is permitted and should be provided by the exhibitor. Wedging material should be below the top of the vase or a penalty may be incurred. Please place wedging material in such a manner as to allow space for adding water as necessary No plant material is to be used as wedging.
13. **STEM-ON-STEM** - Except for species, Old Garden Roses and shrub classes, a specimen exhibited with a portion of the previous stem growth attached results in a stem-on-stem condition which disqualifies the specimen.

14. **EXHIBITION ROSE** – A rose that when ½ open has classic hybrid tea form; a high center with petals symmetrically arranged in an attractive circular outline tending to a high center. This form may occur in many rose types, not only hybrid tea roses.
15. **EXHIBITION STAGE** – The stage at which a bloom is at the most perfect phase of possible beauty. The exhibition stage of a bloom depends on the number of petals that it has. For many-petaled blooms the exhibition stage bloom shows classic hybrid tea form: a bloom that is gracefully shaped with the petals symmetrically arranged in an attractive circular outline tending to a high center. For single and semi-double blooms the exhibition stage bloom is fully open yet still fresh with bright fresh stamens.
16. **Maintenance** – The Show Committee reserves the right to dispose of unsightly blooms at any time after judging. The Show Committee will protect exhibits as much as possible, but in no way assumes responsibility for loss or accident.
17. **Closing** – All exhibits must remain at the show until its close. Traveling awards may be taken at the close of the show and will remain in the possession of the winner for a period of one year. (See Rule 10 for non-members.) Entry tags not taken at the close of the show will be discarded.
18. **Loss or Damage** – Exhibitors agree that The Missouri Botanical Garden, the Rose Society of Greater St. Louis, and the officers and members shall not be responsible for loss or damage to property or person.
19. **Questions** – Should any question arise, the answer to which is not found in ARS rules or this show schedule, the decision made by the Show Chairman will be final.

All specimen roses will be placed on exhibit tables in alphabetical order except in the Challenge Classes. Therefore, each variety entered shall constitute a separate sub-class. Each variety will be judged against the merits of that variety.

The Award winning roses from each Class are advanced to the Awards Table. Where appropriate, ARS Certificates and Awards will be presented. Rose Society of Greater St Louis Certificates will be awarded for other classes.
